DETAILED ACTION

Election/Restrictions

1. Claims 1-18 as amended are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the original claims are drawn to a method of trimming, while the claims as amended are drawn to a method of coupling a stent to a balloon. These are two unrelated inventions.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1-18 as amended are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Response to Amendment

2. The reply filed on January 24, 2008 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): there are no claims to be considered after withdrawal of the unelected claims, see above. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a). It should also be noted that the addition of language other than that concerning trimming raises the issue of new matter in the specification and the claims.
